

TECHNICAL DATA SHEET

DRY FIX

CHARACTERISTICS

Eliminator of odours with a pronouncedly deodorising effect.

Dry Fix eliminates strong odours before and after dry-cleaning. Universal applicable in laundries, carpet cleaning and dry-cleaning, it eliminates even odours of textiles of fire damages. Suitable for wet-spotting of stains from perspiration, nicotine and urine. It can be used for all kind of textiles, it eliminates odours even without washing. Solvents free.

APPLICATION AND DOSAGES

Usage:

Dry Fix is a concentrated odour eliminator which can be applied as a spray but also as pre brushing agent for treating stains from i.e. urine and perspiration

Pre-spotting:

Spray application for Perc and KWL

Dry Fix is sprayed on undiluted and finely nebulized onto bad-smelling garments. After an exposure time of approx. 10 minutes the pre-treated garments are dry-cleaned as usual.

Before cleaning delicate woollen articles in perc, the surface of the treated area is air-blown first.

Spray application for water and wet-cleaning

Dry Fix is sprayed on undiluted onto bad-smelling garments. After an exposure time of approx. 10 minutes the pre-treated garments are washed as usual.

Spray application as deodorising agent:

Dry Fix is sprayed undiluted or diluted with water in a ratio of 1:1 and finely nebulized onto the bad-smelling areas. Dry up without any further treatment.

CONTENTS/ TECHNICAL DATA

Density at 20°C:	1,00 gr/ml
pH-value:	6,5
Ionogenity:	anionic
Anionic/non-ionic surfactants, odour absorber, perfume
