

TECHNICAL DATA SHEET

SOFT BUCATO

CHARACTERISTICS

Concentrated liquid detergent with enzymes

Soft Bucato is a concentrated liquid with enzymes for washing cotton, synthetics, linen and coloured.. It is already active at low temperature on tannin stains (fruit, coffee, wine, etc..) and on spots of protein origin (blood, milk, ice cream, etc..)

Soft Bucato due to its special formula also works actively on fat stains, leaving fabrics smelling a pleasant note.

APPLICATIONS AND DOSAGES

Soft Bucato is used on all white and coloured fabrics (except wool, silk and delicate garments) following the doses given in the table. In case of stubborn stains you may want to pre-treat: pour a small amount of product directly on stain . Rub lightly and leave 1-2 minutes before washing
